## MikroTik product support service

Most of your questions are answered and explained in RouterOS documentation.

1. If you have bought a RouterOS license or a hardware product, limited support service might be provided through our support system. Contact your distributor for help and support, if device is not directly purchased from MikroTik.
2. You can hire a [certified consultant](#) for full configuration support, network design and other diagnostics.
3. Check our community [forum](#).
